Office Space to Let

Ranging from
1,981 sq ft - 19,800 sq ft

Welcome to Sci-Tech Daresbury

Sci-Tech Daresbury is the home of pioneering science, technology, and business. It creates the conditions for ambitious businesses to accelerate growth and deliver real-world impact by solving the challenges of tomorrow. Join us, be part of our remarkable community and have a “home for life”.

Home for Life

Whether you are a high-growth scale-up business, an established tech company looking to grow a northern base, or a global corporate looking to be embedded in an innovation ecosystem, we can support your journey at every stage.

At Sci-Tech Daresbury, you will have an attractive environment where you will be able to develop new solutions and collaborate with inspiring technologists and entrepreneurs, all in a space that will allow you to grow and scale your business.

At Sci-Tech Daresbury, you can have a “home for life”.

- > 2,000 people
- > 150 businesses
- > 250,000 sq ft
- > 10,000 annual campus visitors

As part of our vibrant community, you will also benefit from:

- Science and technology facilities and expertise in areas from big data analytics & AI, immersive tech materials development and analysis to accelerator technology
- Fantastic collaboration opportunities: At least 70% of on campus organisations collaborate with each other
- A great workplace and programme of support to help you attract, develop and retain the best talent
- Access to a leading tech network with a range of business networking and expert knowledge events

- Guidance and support to access funding and investment
- Exercise facilities and exercise classes
- Café and restaurant
- Scenic canal views, and a green environment
- Sustainable travel support and advice

With an ambitious growth strategy to develop a further one million sq ft of space for scientific, business and research facilities, creating up to 10,000 more jobs on-campus. Is Sci-Tech Daresbury the home for life that you are looking for?

Join our community and we can support you and your team, helping you to grow your business.

Violet 1, 2 & 3 Office Complex

Sci-Tech Daresbury's new 46,800 sq ft, grade A, superior office complex situated on the campus gateway, the ideal location for maximum visibility and accessibility.

V1: 19,800 sq ft

V2: 13,500 sq ft

V3: 13,500 sq ft

Sci-Tech Daresbury's exciting, new development spans 46,800 sq ft and is ideal for companies with 30-180 employees who are looking to upscale their business.

The complex comprises three buildings, all three storeys high. The elevated position of the buildings, partnered with full height glazing, offers beautiful scenery that your colleagues can enjoy throughout their workday.

An ideal location, only two miles off the M56, each building provides floor plates of around 1,981 to 6,700 sq ft; ideal for up to 60 people per floor.

Welcome to Violet 1, 2 & 3

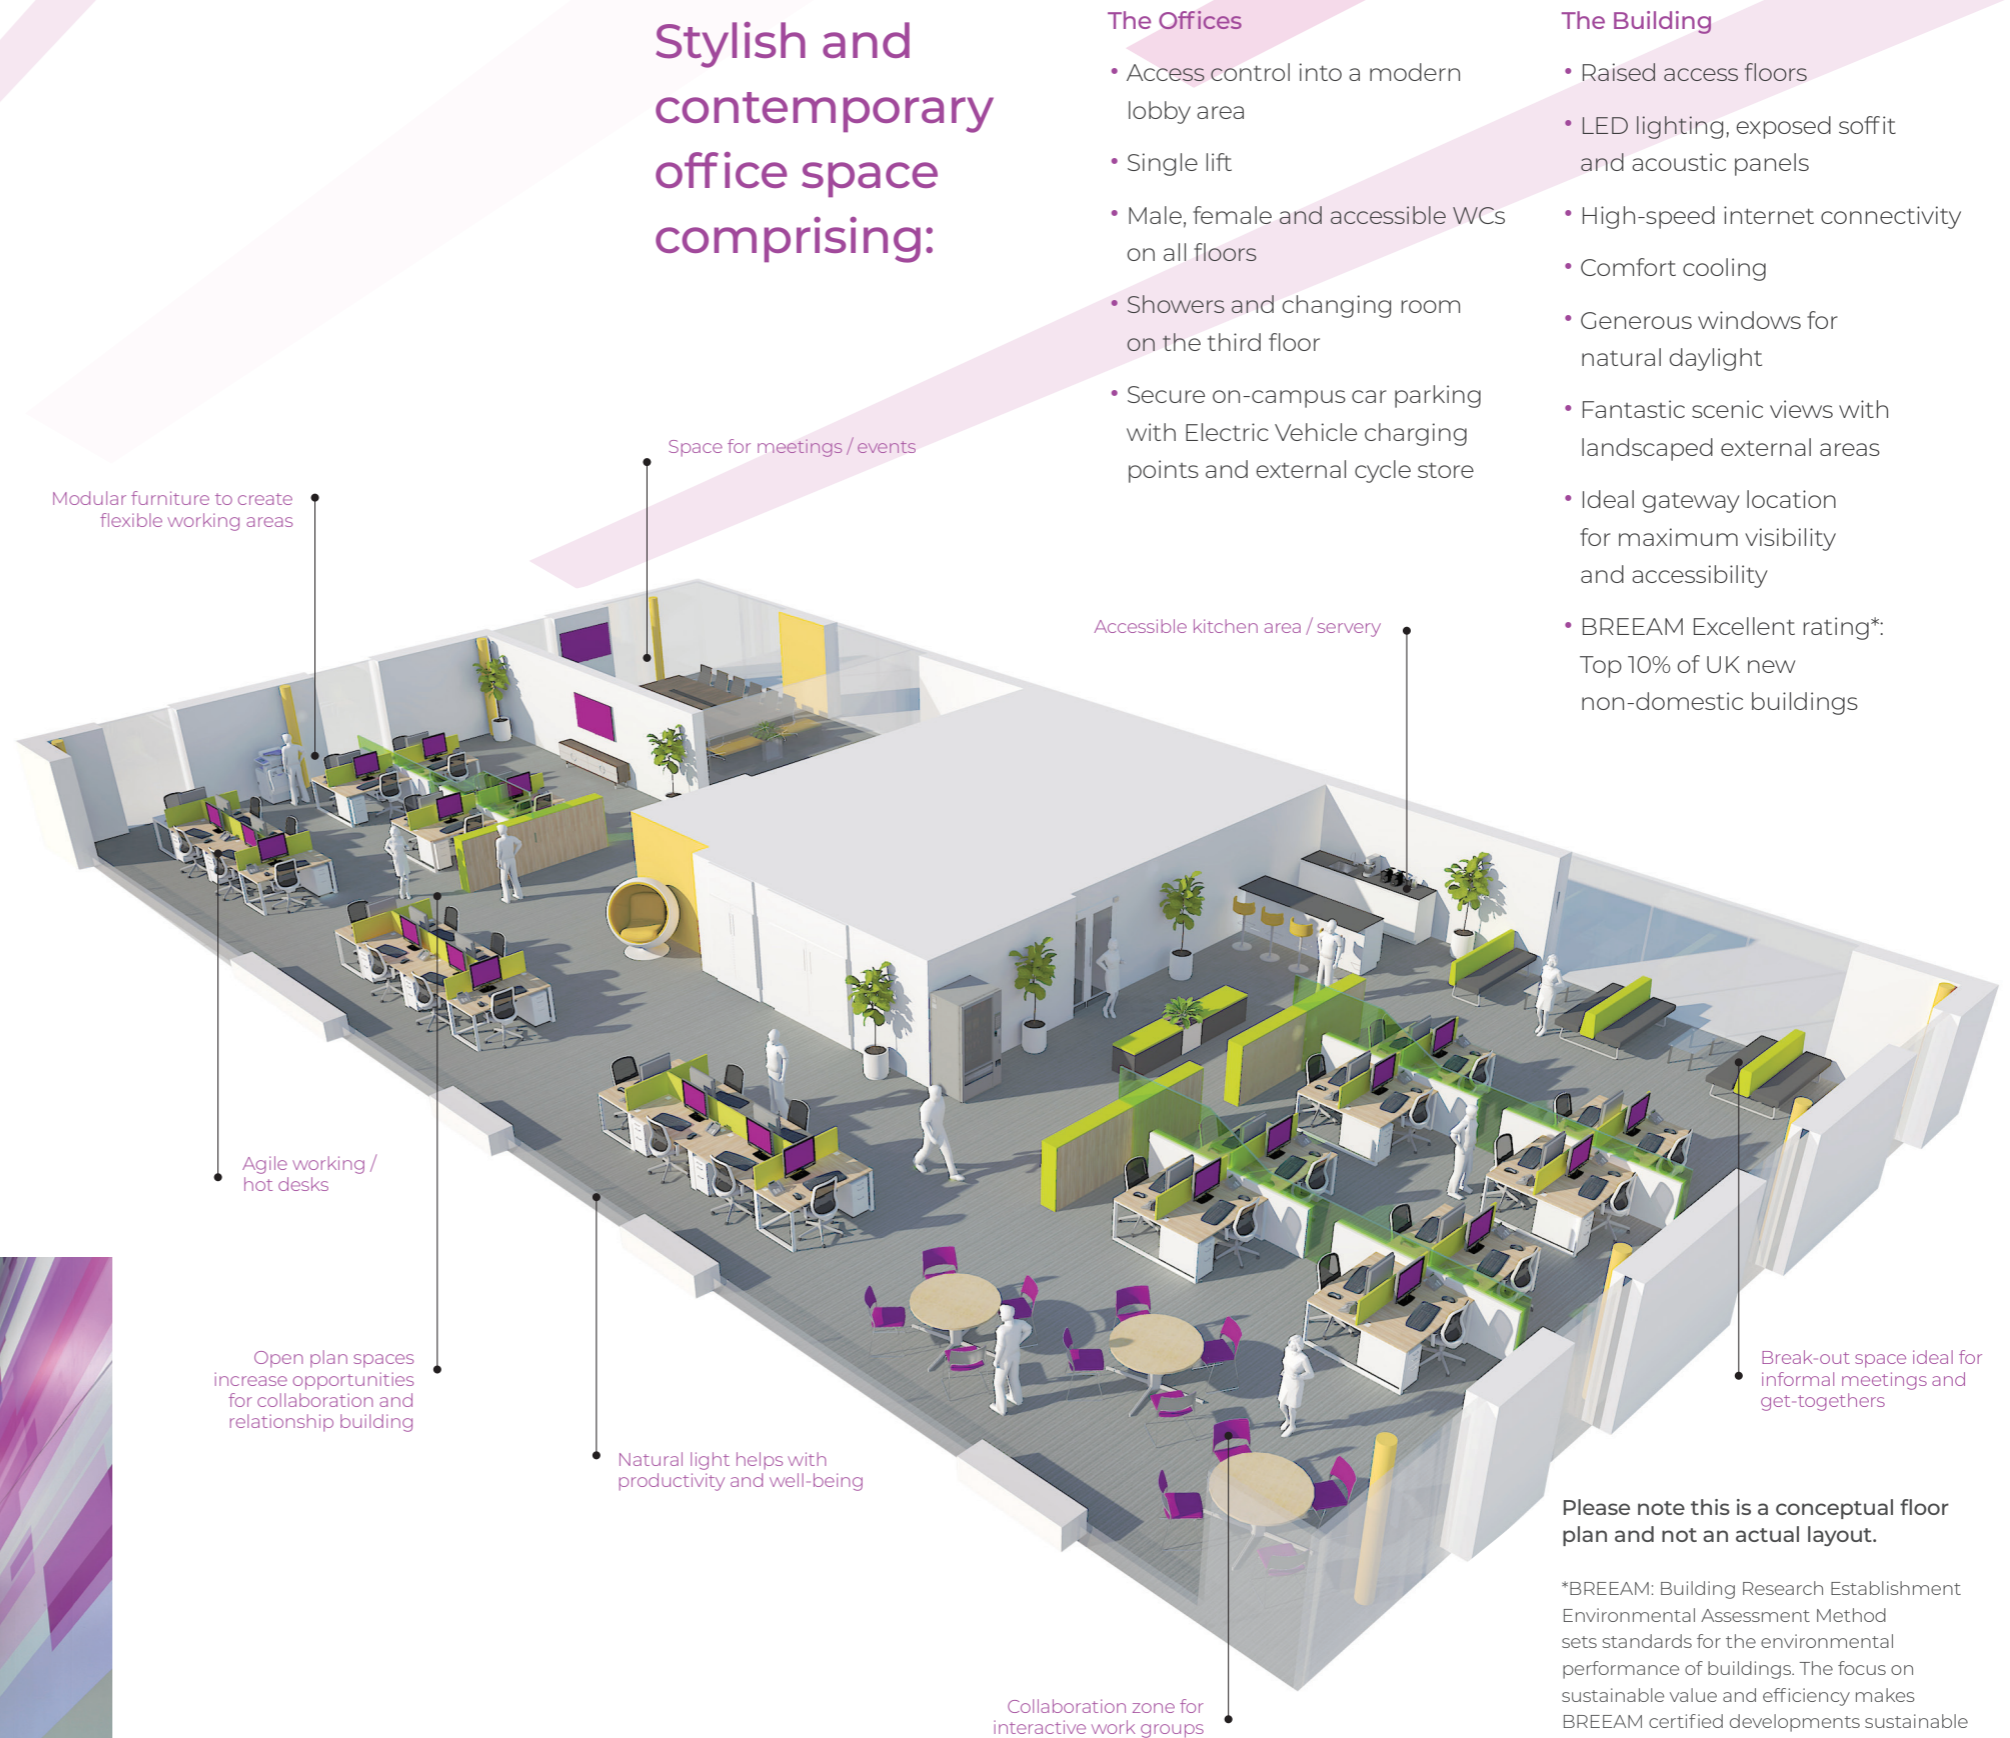

A high-quality, interactive office space for high-growth or established technology companies from sectors including digital, advanced engineering, healthcare and clean technology. Join us and create a dynamic, interactive and scalable home at the heart of an internationally-recognised, innovative tech community.

Being part of our Sci-Tech Daresbury community means you will have access to all campus support, amenities and activities, whilst enjoying a stylish and contemporary office space.

Stylish and contemporary office space comprising:

The Offices

- Access control into a modern lobby area
- Single lift
- Male, female and accessible WCs on all floors
- Showers and changing room on the third floor
- Secure on-campus car parking with Electric Vehicle charging points and external cycle store

The Building

- Raised access floors
- LED lighting, exposed soffit and acoustic panels
- High-speed internet connectivity
- Comfort cooling
- Generous windows for natural daylight
- Fantastic scenic views with landscaped external areas
- Ideal gateway location for maximum visibility and accessibility
- BREEAM Excellent rating*: Top 10% of UK new non-domestic buildings

Please note this is a conceptual floor plan and not an actual layout.

*BREEAM: Building Research Establishment Environmental Assessment Method sets standards for the environmental performance of buildings. The focus on sustainable value and efficiency makes BREEAM certified developments sustainable environments that enhance the wellbeing of the people who work in them.

Our Ethos The 5 Pillars of Success

At Sci-Tech Daresbury we have a strong business ethos with 5 core principles that guide all that we do to ensure you can have the best experience possible while working here.

Discover more about Sci-Tech Daresbury

A national science and innovation campus with ambitious growth plans, Sci-Tech Daresbury is home to around 150 technology companies, from start-up to corporate, and we are expanding. We look forward to welcoming you to our campus community.

We are home to the STFC Daresbury Laboratory, part of the UK Research and Innovation, and its university partners with world-class expertise in high performance computing, data analytics and AI, immersive technology, materials analysis and accelerator technology.

Sectors strongly represented on site include:

- Advanced Engineering & Materials
- Life Sciences and Healthcare
- Digital
- Energy & Environmental Technologies

Our outdoor space is the perfect backdrop for our campus. In addition to our beautifully landscaped setting and a canal around the campus, we have Linear Park, which we love, and we think you will too. It offers tranquil spaces for meetings and relaxation.

With impressive sculptures and beautiful views, our outside space is the ideal place to add some light exercise in to your day, which will make a noticeable difference to your general health and well-being.

Sci-Tech Daresbury is nationally-recognised for its 15 year track record of supporting high-growth companies in key strategic areas:

- Access to national & international markets
- Access to funding & investment
- Access to talent & expertise
- Access to technology / technical facilities

This is achieved through Sci-Tech Daresbury's tech network of over 5,000 people and its strategic partnerships with organisations from universities and investors to corporates and business support organisations.

By joining our campus community, you will have access to a variety of technical facilities and equipment through the following centres:

- **Campus Technology Hub:** rapid prototyping facilities
- **Hartree Centre:** high performance computing, data analytics, AI and quantum computing facilities and platforms
- **I-TAC Equipped Laboratories:** analytical and sample preparation equipment
- **Virtual Engineering Centre:** VR/AR facilities and digital test-beds.
